

A photograph of a modern villa at dusk. The villa has a light-colored, textured facade and a flat roof. A swimming pool in the foreground is illuminated with a bright blue light. To the left of the pool, there is an outdoor seating area with a table and chairs, and a stone wall. The villa has several windows and doors, some of which are lit from within. The background shows a dark, silhouetted hillside with trees.

A large rock formation in the sea at sunset, with a small rock formation in the foreground. The sky is filled with soft, colorful clouds in shades of orange, yellow, and blue. The water is dark blue with gentle ripples. The rock formation in the foreground is dark and jagged, with some orange light reflecting off its surface. The main rock formation in the background is a large, rounded, light-colored rock with a small, dark, irregularly shaped rock formation on its left side. The overall scene is serene and magical.

RETREAT GOSSIP

The “Rise-High-Healing” Retreat at Haarberghof actually deserves 6 stars!
One star for the choice of this beautiful place in a dreamlike natural environment!
One star for the accommodation, hospitality and the hospitality with “Soul-Food-Deluxe”!
One star for the really great and above all balanced program, which lasted from early in the morning until late in the evening!
One star for the empathetic and understanding cooperation and the possibility to “just be yourself”.
One star for the absolutely competent know-how in the many areas such as physiology, TCM, energy, yoga, breathing, etc.
One star for the remarkable after-effect in the physical, mental and emotional area!
One feels more agile, fresher, better, more refreshed!

Martina, Healing Retreat Mallorca

Ulli is a true healer. This retreat made me “let go” “recharge” and “receive” in a way that I have never felt before. My antennas for the wonders of Mother Earth were sharpened, seeing the world through the eyes of a child more often again. Thank you Ulli

Uta, Healing Retreat Mallorca

Ulli spreads a very loving warm atmosphere, leads very well, so that not only I had a great yoga practice, but also my husband has felt very well taken care of with her. (an absolute exception). The accompaniment by you, so close.... right in the middle and fully involved. The yoga sessions... never exhausting, always so that I had the feeling to come out of the class refreshed or activated, energized. At home it's more like incorporating quick session.

I also really like the scents, sounds, music in your classes....

Cosmicdance, the short workshop, the full moon evening at the beach, all very nice ideas! But I notice after the week that my body is much more relaxed. I am much more balanced despite the busy work week. The pain in my hips and back is sometimes noticeable, but not as persistent.

And little gets me off center.

I feel grounded.
